Ranco thermostat specifications

Ranco capillary thermostat K50-P1127-001 for water dispenser/refrigerator/freezer Product Description: 1. Thermostat Model: K50-P1127-0012. Rating voltage: 250V 50HZ3. Life: 200000 circle4. Used for refrigerators, freezers, air conditioners5. With 1,200 mm Capillary tube6. Packing: 1pcs with accessories in a small box, 100boxes/Carton, Available model and size to choose: CODE WARM-IN °C WARM-OUT °C COLD-IN °C COLD-OUT °C VTY9(K59-L1102)3.5-113.5-26V C1(K50-P1125)8.5-9.5-18V S5(K54-P1102)-12 (signal cut-in 5°C above cut-in) -34K50-P11102 -14.5-23K50-P1179-2-9.5-11-19.5K50-P112712.5-51.5K50-P1126-9.5-18-24.5K50-P11743.5-4-5-18K50-P1117-12 -34K50-P111812.5-2-3K59-P16093.5-113.5-22K54-P1140-4.5 (signal cut-in 5°C above cut-in)-11-17-23Detailed photos:-----Guangzhou Icecool Refrigeration Equipment Co., LtdMiss.Lynn ~Sales ManagerMoh : 0086-186 2069 2510 Office tel : +86 020-29066831Office Add : DaShun business center.No.501, Zhongshan Road West, Tianhe District , Guangzhou City SHORT CABIN K55 cycling thermostat with high rated (16 Amp.) SPST switch and rear electrical terminals. FEATURES: Compact size Fixed or adjustable operating range Fixed differential Standard mounting or with bracket Capillary lengths available from 300 to 3000 mm with different forms or with bulb Approved by the main international bodies APPLICATIONS: Refrigerators Freezers Bottle coolers Liquid coolers Refrigerated display counters TECHNICAL SPECIFICATIONS: Application range between -40°C/-40°F and 10°C/50°F Faston terminals 6.3 or 4.8 mm Electrical rating terminals 3 and 4 16(16 max 80)A at 250V Page 2 GORENJE, SMEG Fridge Temperature Controller (Thermostat) 077B6738, 596279 original part SPECIFICATION: Manufacturer: DANFOSS Capillary tube length: 800mm Connection: 4x 6.3mm AMP Temperatures: -33°C / -13°C / +3.7°C Compatible codes: DANFOSS: 077B6738, 077-B6738, A13-0497, 077B6259, 077-B6259 GORENJE: 596279, 521453, 540279 SMEG: 818730573 FAGOR - BRANDT... Brand Name: zhongheng Model Number: K50-P1126 Place of Origin: Jiangxi, China (Mainland) Packaging Details: 100pcs/ctn; G.W./N.W.: 9/8kgs; MEAS: 45X33X18.5cm. We can discuss this part in future. Delivery Detail: 20-25 days after receiving the deposit. 1.Manufactured by our factory. 2.accept small order 3.accept OEM 4.20-25 days delivery 5.10 years experience on thermostat Product Description 1), technical data Item No. K50-P1126 Elect.rating Contact type Sensing element length(mm) Capillary type FLA LRA Operating Temp.(°C) Cold-on -18.0 Warm-on -9.5 6 36 SPST 1200 Straight Cold-off -24.5 Warm-off -4.5 available temperature -36°C--+36°C Differential 0.5°C--+14°C Max Sensing Element Temp 110-250V Rating Voltage 110-250V Contact Resistance ≤50MΩ Insulance Resistance ≥100MΩ Dielectric strength AC1500V/1MIN Operating torque to adjusting shaft 0.4N·m temperature-resistant max:85°C min:-40°C Usage fresh cabinet, showcase and refrigerator, freezer, water dispenser, air conditioner etc home appliance 2), operation principle Temperature-sensitive media is charged into power element,when sensing part(capillary) fell the change of outsidetemperature, relevant pressure change will happen inside power element. So bellows will swallow or reduce. Displacement is enlarged by lever to activate switch. So automatic control of temperature can be reached. Rotat soft on mounting plate is used to set up contyol temperature. 3), product picture 4), relative product Packaging & Shipping Company Information 1), certification 2), workshop 3), equipment Jiujiang Zhongheng Autocontrol Device Co., Ltd. located in Baota industrial development area, De'an country, Jiujiang city, Jiangxi province, which was established in 2003. Our annual productivity is more than 5 million. We specialize in manufacturing the full range of pressure-type thermostats with using for refrigerator, freezer cabinet, drinking machine, home use air-conditioning and automobile air-conditioning ect.. Also, with the using in liquid-expansion thermostats for shower appliances, washing machine, large-scale cold storage, boiling equipments; And still supporting the use of dryer with compressing air for the pressure control switches and so on. 4), company location The amphibius traffic of our company is very convenient, and has good environment for management and cooperation. It is 2 kilometers away from Jing-Jiu Railway and just about 30 minutes away from Changbei, Nanchang airport with driving. With the waterway may straight arrive from Jiujiang prot to Yangtze River and various coastal cities. Also enjoying the service for convenient posts and telecommunications. FAQ 1), FAQ Q: whether your company have after-sale service? A:yes, we have after-service, we will offer 1%-2% spare parts, when some thermostat be damaged, we will reissue if we were at fault . and if you have any other question, please contact with company,we will reply in time. Q: How do you ensure quality? A:the company certificate: ISO9001:2008, CQC, our company have 10 years rich experience on thermostat industry, own advanced production equipment. Professional R & D personnel and strict production process,two test each product to ensure quality. Q: How long from order to delivery? A: 30 days upon receipt the 30% deposit; or upon receipt relevant L/C. and the transportation around our company is very convenient, domestic transportation time is short. Q: how much your MOQ? A: MOQ: 1000piece, if you have special requirements, we can discuss. Qi don't find product i want in your product catalog A: you can give me your drawing, technical data or picture,we can offer individualized design for you. please remember. We are professional manufacturer of thermostat, we can solve your question. Our Services 1),sample we will offer free thermostat sample and individualized design for you. 2),our team Our foreign trade team own 2-5 years work experience, and can solve your various problems at any time. welcome to contact with us. 3),Exhibitions Let's get together 2014 China Refrigeration Exhibition in Beijing the company booth no: E4F66 Home / Products / Elements / Controls / Refrigeration Controls / Ranco Thermostat Cold Control Refrigerator One Door Manual Defrost Compressor refrigerator with push button defrost SPECIFICATIONS * Capillary length: 1200mm * Cold out °C: -25 * Warm out °C: -10.4 * Warm in °C: -4 * Defrost Termination: +5.5
